

Quality Assurance Overview

QUALITY ASSURANCE OVERVIEW

Davitt Pty Ltd is committed to achieving and maintaining a reputation for "Excellence in Electrical Installations". Quality Assurance is the joint responsibility of all individuals employed on all projects. All staff must comply with the Quality Assurance requirements as specified. Our Quality Assurance System ensures that our work complies with government regulations, relevant codes, client standards and specifications, as well as particular project specifications and requirements. We have implemented and maintain a Quality Assurance System – certified by an independent assessor - that complies with the requirements of the standard AS/NZS ISO 9001:2000.

The display at our head office and site locations of this signed statement of Quality policy confirms our commitment to meeting and exceeding the expectations of Davitt Pty Ltd Electrical Contractors clients .

PROVIDING SAFE SECURE PROJECT MANAGEMENT
